## ESSAY

**Please attach an essay responding to the following question:**

**The Data Center industry offers many exciting career paths beyond critical operations. Professionals are needed in areas like marketing, finance, accounting, construction, land development, leasing and sales, and legal services — just to name a few.**

**Essay Question:**

**How do you see your chosen field of study making a difference in the data center industry? What are your career goals, and how do they connect to the opportunities you see in this growing field? (Include your essay as an attachment. Limit your response to 1 page with no more than 750 words.)**
